PROFILE

I consider myself a proactive person, I enjoy taking on new challenges and working with new technologies. I am currently studying Systems Engineering to strengthen my knowledge, but I am also self-taught, especially in various frontend stacks for web development. I have a curious personality, great adaptability, and a high level of commitment and I am always looking to contribute to teamwork.

EDUCATION

Universidad Tecnológica Nacional - FRM
March 2020 - Present

- Systems Engineering

Digital House, Mercado Libre, Globant
May 2021 - December 2023

- Certified Tech Developer
- Frontend specialist

U.S. Space & Rocket Center
September 2019 - September 2019

- Advanced Space Academy
  - I participated in a multidisciplinary team at the NASA facilities in Alabama, United States, engaging in various activities related to space exploration. The focus was on creating prototypes related to the topic.
